

What you can expect to find in Beacon View Barn

When you arrive at Beacon View Barn at the start of your holiday you can expect to find Taylor's of Harrogate tea and ground coffee, milk and sugar, also a selection of Pukka teas and a delicious cake from our small local Danby Bakery waiting to welcome you. There will also be a bottle of Prosecco chilling in the fridge.

Danny and I will be here to meet and greet you and show you around. We live in the farmhouse just across the lane from the barn, so a text or visit is very simple if you have any queries that we can help you with throughout your stay.

The beds will be made up with stylish Designer Guild bed linen, soft white towels and 'Natural Remedy' luxury vegan shower gels and soaps set out for you. If there's a chill in the air the underfloor heating will be sure to keep you very snug and warm and the log burner will give that extra snugness. On a sunny afternoon there's nothing better than sitting back on the sunny south facing terrace with a glass of something cooling listening to the gentle sound of croquet mallets on your lawn and the best view of spectacular Danby Dale in front of you.

During Covid we took out all the games, toys and books from the cottages - and hey ho 'Liz's Toy Shop' was created. Located behind the big glass window of the office at Crag House Farm. Come on over and make your choices.

The wifi is good but don't expect super fast city slicker speed, this is rural North Yorkshire. EE gives very good mobile phone service.

Morrison's, Tesco and Sainsbury's deliver here. There is a handy Co Op in the village. But we believe our greatest asset is the local team of Ben and Catherine Adamson of Lillie's catering <https://www.lilliesfood.co.uk/> They prepare fab meals ready to cook and can even come in and cook for you at home! They also deliver fresh veg, fruit and local produce - perfect for Christmas or a family party. A local bakery, health food shop and grocery store, 4 friendly pubs and a railway station are found within 1.5 miles of Crag House Farm.

So in your barn.....
